

CBL-COMPLIANT LENDER REGISTRATION SYSTEM

Based on Official CBL MFI Licensing Requirements

OFFICIAL CBL TIER SYSTEM

Tier 1: Deposit-Taking MFI

Minimum Capital: Not specified (highest requirements) **Characteristics:**

- Can accept deposits from public
- Highest regulatory oversight
- Most stringent requirements

Tier 2: Credit-Only MFI (Large)

Minimum Capital: M 10,000,000+ in assets OR issued debt on public exchange **Characteristics:**

- Credit only (no deposits)
- Substantial operations
- Moderate regulatory requirements

Tier 3: Credit-Only MFI (Small)

Minimum Capital: Assets below M 10,000,000 **Characteristics:**

- Credit only (no deposits)
- Smaller operations
- Simplified requirements

AUTOMATED REQUIREMENT MAPPING

SECTION 1: COMPANY INFORMATION

Requirement	Tier 1	Tier 2	Tier 3	Automation Strategy
Company Incorporation Documents	✓	✓	✓	Auto-generate incorporation checklist
Application Forms (Schedule I, II)	✓	✓	✓	Build web forms with auto-fill
Investigation Fee Payment	✓	✓	✓	Integrate M-Pesa payment
Detailed Business Plan	✓	✓	✗	Auto-generate from wizard inputs
Audited Financial Statements	✓	✓	✗	Upload + verification

Requirement	Tier 1	Tier 2	Tier 3	Automation Strategy
Certified Accountant Statements	✗	✗	✓	Template provision
Proof of Capital	✓	✓	✓	Bank statement upload + verification
Tax Clearance	✓	✓	✓	LRA integration (future)

SECTION 2: DIRECTORS' INFORMATION

Requirement	All Tiers	Automation Strategy
Fit & Proper Assessment	✓	Build digital questionnaire
2 Character Reference Letters	✓	Template + email collection
Financial Reference (Bank)	✓	Template + upload
Schedule III Form	✓	Digital form with validation
ID/Passport Copy	✓	Upload + OCR extraction
Police Clearance	✓	Upload + reminder system
Tax Clearance	✓	Upload + LRA verification
Asset & Liability Statement	✓	Spreadsheet template + validation

SECTION 3: GOVERNANCE

Requirement	T1	T2	T3	Implementation
Board of Directors (5+)	✓	✓	✗	Board builder wizard
Internal Audit Committee	✓	✗	✗	Committee setup tool
Internal Audit Function	✓	✓	✗	Audit plan template
Shareholding Limit (25%)	✓	✓	✓	Auto-calculate on cap table
Board Credit Committee (3+)	✓	✗	✗	Committee builder
Director Limitation (1 MFI)	✓	✓	✗	Declaration form
Finance Manager	✓	✓	✗	Position + documents
Finance Function Documents	✓	✓	✓	Document checklist
Compliance Function Documents	✓	✓	✓	Document checklist
Risk Management Manual	✓	✓	✗	Template generator
AML/CFT Manual	✓	✓	✓	Template generator

SECTION 4: COMPLIANCE (Ongoing)

Requirement	T1	T2	T3	Platform Feature
Quarterly Prudential Reports	✓	✓	✓	Auto-generate from data
Credit Bureau Integration	✓	✓	✓	Built into LMS
External Auditor	✓	✓	✗	Auditor directory
Consumer Complaints Procedure	✓	✓	✓	Template + tracker
Annual License Renewal	✓	✓	✓	Automated reminders

Requirement	T1	T2	T3	Platform Feature
Liquidity Ratio (15%)	✓	✗	✗	Real-time calculator

 TECHNICAL IMPLEMENTATION

Django Models (Updated for CBL Compliance)

```
This Anti-Money Laundering and Counter-Financing of Terrorism (AML/CFT) Policy Manual  
establishes {self.registration.company_name}'s commitment to preventing the use of our  
services for money laundering or terrorist financing activities.
```

This manual is prepared in compliance with:

- Money Laundering and Proceeds of Crime Act 2008 as amended 2016
- Money Laundering and Proceeds of Crime Regulations 2017
- Financial Institutions Act 2012
- Central Bank of Lesotho AML/CFT Guidelines

""")

Chapter 2: Legal Framework

doc.add_heading('2. LEGAL AND REGULATORY FRAMEWORK', 1)

doc.add_paragraph("""

2.1 Money Laundering and Proceeds of Crime Act 2008

This Act criminalizes money laundering and establishes obligations for financial institutions to implement AML/CFT measures.

2.2 Key Obligations

- Customer Due Diligence (CDD)
- Record Keeping (minimum 7 years)
- Suspicious Activity Reporting to FIU
- Staff Training
- Internal Controls

""")

Chapter 3: Risk Assessment

doc.add_heading('3. AML/CFT RISK ASSESSMENT', 1)

doc.add_paragraph("""

3.1 Risk-Based Approach

{self.registration.company_name} adopts a risk-based approach to AML/CFT, focusing resources on higher-risk customers and transactions.

3.2 Risk Factors

Customer Risk Factors:

- Occupation (cash-intensive businesses)
- Geographic location (high-risk areas)
- Transaction patterns (unusual or complex)
- Politically Exposed Persons (PEPs)

Product/Service Risk:

- Large loans (>M 50,000)
- Cross-border transactions
- Cash-intensive products

3.3 Risk Categorization

LOW RISK:

- Employed individuals with verified income
- Small loans (<M 10,000)
- Group lending with social collateral

MEDIUM RISK:

- Self-employed individuals
- Loans M 10,000 - M 50,000
- New customers

HIGH RISK:

- Cash-intensive businesses
- Politically Exposed Persons
- Loans >M 50,000
- Non-resident customers

""")

Chapter 4: Customer Due Diligence

doc.add_heading('4. CUSTOMER DUE DILIGENCE (CDD)', 1)

doc.add_paragraph("""

4.1 When to Conduct CDD

CDD must be conducted:

- When establishing a business relationship
- When carrying out occasional transactions above M 25,000
- When there is suspicion of money laundering or terrorist financing
- When there are doubts about previously obtained identification data

4.2 CDD Measures

Standard CDD includes:

- a) Identification and verification of customer identity
 - National ID or passport
 - Proof of address (utility bill, bank statement, chief's letter)
- b) Verification of source of funds
 - Payslips for employed
 - Business records for self-employed
 - Bank statements
- c) Understanding purpose and nature of business relationship
 - Loan purpose
 - Expected transaction activity
- d) Ongoing monitoring of business relationship
 - Review of transactions
 - Update of customer information

4.3 Documentation Required

For Individual Customers:

- ✓ National ID or passport (certified copy)
- ✓ Proof of address (within 3 months)
- ✓ Proof of income (payslips, business records)
- ✓ Tax clearance (if self-employed)
- ✓ Loan application form

For Business Customers:

- ✓ Company registration certificate
- ✓ Memorandum and articles of association
- ✓ Tax clearance certificate
- ✓ Directors' identification documents
- ✓ Beneficial ownership declaration
- ✓ Business financial statements

- Complaint assigned to responsible officer
- Facts gathered from all parties
- Review of relevant documents and records
- Determine root cause

STAGE 3: RESOLUTION (Within 14 days)

- Proposed resolution developed
- Resolution communicated to customer
- Customer acceptance obtained
- Remedial action implemented

STAGE 4: ESCALATION (If unresolved)

- Customer may escalate to senior management
- Review by complaints committee
- Final decision within 7 days

STAGE 5: EXTERNAL RESOLUTION

- Customer may refer to Central Bank of Lesotho
- Contact: Consumer Protection Department, CBL
- Phone: +266 2231 4281
- Email: info@centralbank.org.ls

    # Get all requirements for this tier
    requirements = registration# LENDER ONBOARDING & CBL COMPLIANCE SYSTEM
## Automated Registration Assistant for Lesotho Microfinance Lenders
```

🎯 STRATEGIC VISION

The Problem

- Many potential lenders (individuals, stokvels, small businesses) want to lend but face:
 - Complex CBL registration requirements
 - Expensive consultants (M 50,000 - M 150,000)
 - 6-12 month approval timelines
 - Lack of understanding of compliance requirements
 - Fear of regulatory penalties

Your Solution

"Lender Compliance Hub" - A guided, automated system that:

1. Assesses lender eligibility and recommends appropriate license type
2. Generates all required documentation automatically
3. Tracks CBL application progress
4. Provides ongoing compliance tools (reporting, AML, etc.)
5. Operates lenders under your platform's umbrella during approval process

📖 PART 1: LENDER CATEGORIZATION SYSTEM

Tier 1: Unlicensed Individual Lenders (Facilitation Model)

Who: Individuals with M 50,000 - M 500,000 to lend

Solution: Operate under YOUR platform's license

- Platform facilitates loans on their behalf
- Platform handles all compliance
- Lender provides capital, you handle operations
- Revenue split: 70% lender, 30% platform

Requirements:

- Source of funds declaration
- Basic KYC (ID, proof of address)
- Beneficial ownership disclosure
- Sign service agreement

Tier 2: Small MFIs (Under M 2M Capital)

Who: Small organizations wanting to start lending

Solution: Guided registration + interim facilitation

- Help them apply for simplified MFI license
- Operate under your platform while pending approval
- Full compliance toolkit included

CBL Requirements:

- Minimum capital: M 500,000 - M 2,000,000
- Board of Directors (3+ members)

- Compliance officer
- Business plan
- AML procedures

Tier 3: Full MFIs (M 2M+ Capital)

Who: Serious institutions **with** substantial capital

Solution: White-label compliance platform

- Complete application package generation
- Ongoing compliance dashboard
- Prudential reporting automation
- Direct CBL submission assistance

CBL Requirements:

- Minimum capital: M 2,000,000+
- 5+ Board members
- Full management team
- Audited financials
- Comprehensive business plan

Tier 4: Alternative Models (Non-Licensed)

Who: Groups that don't want full licensing

Solution: Peer-to-peer lending under your platform

- No individual licensing needed
- Platform holds omnibus license
- Group savings → group lending model
- Similar to Kiva, Zidisha models

🛠️ PART 2: TECHNICAL IMPLEMENTATION

***Features:***
```

1. **Prudential Reporting** - Auto-generate quarterly CBL reports
2. **AML Monitoring** - Real-time transaction monitoring
3. **Portfolio Quality Tracking** - NPL ratios, PAR tracking
4. **Regulatory Updates** - Notify of CBL regulation changes

5. **Audit Trail** - Complete record of all compliance actions

Subscription Model

Tier 1: Basic (Individual Lenders)

- M 500/month
- Platform facilitation
- Basic reporting
- AML compliance

Tier 2: Standard (Small MFIs)

- M 5,000/month
- Full LMS access
- Prudential reporting
- Compliance dashboard
- Training (quarterly)

Tier 3: Premium (Full MFIs)

- M 15,000/month
- White-label platform
- Custom reporting
- Dedicated compliance officer support
- Monthly training

💰 PART 4: REVENUE MODEL

Revenue Streams

1. **Registration Assistance Fees:**

- Small MFI: M 20,000 (one-time)
- Full MFI: M 100,000 (one-time)

2. **Interim Lending Revenue Share:**

- 30% of interest income during interim period

3. **Ongoing Compliance Subscription:**

- M 500 - M 15,000/month based on tier

4. **Transaction Fees:**

- 1-2% per loan facilitated under platform

5. **Training & Consulting:**

- M 5,000/day for on-site training
- M 2,000/hour for consulting

Projected Revenue (Year 1)

- 50 individual lenders × M 500/month = M 300K/year
- 10 small MFIs × M 5,000/month = M 600K/year
- 3 full MFIs × M 15,000/month = M 540K/year
- Registration fees: M 500K
- ***Total Year 1: M 1.94M***

🚀 PART 5: IMPLEMENTATION ROADMAP

Month 1-2: Foundation

- Build registration wizard
- Create document templates
- Partner with legal firm for review

Month 3-4: Pilot

- Onboard 5 pilot lenders
- Refine documentation
- Build CBL relationship

Month 5-6: Launch

- Public launch
- Marketing campaign
- Train support team

Month 7-12: Scale

- Onboard 50+ lenders
- Submit first CBL applications
- Build case studies

⚖️ PART 6: LEGAL & RISK CONSIDERATIONS

Your Platform's Role

Option A: Authorized Representative

- Act as agent for lenders during application
- Charge service fee, no revenue share
- Lower regulatory risk

Option B: Umbrella License Holder

- Lenders operate under your license
- Revenue share model
- Higher regulatory scrutiny but more revenue

Recommendation: Start **with** Option A, evolve to Option B after proving model

CBL Approval Strategy

1. **Pre-engage CBL:** Present model before launch
2. **Pilot **with** CBL oversight:** Invite CBL to observe pilot
3. **Document success:** Show improved compliance **in** sector
4. **Position **as** industry solution:** This helps CBL's financial inclusion mandate

SUCCESS METRICS

- Number of lenders registered: Target **100** Year **1**
- CBL applications submitted: Target **15** Year **1**
- Approval rate: Target **80%+**
- Time to lending (individual): **<1** month
- Cost savings vs traditional consultants: **70%+**
- Lender satisfaction: NPS **>50**

This positions you **as** the **"Stripe for Lesotho Microfinance"** - making it easy **for** anyone to become a compliant lender!

Would you like me to build out the registration wizard UI, document generation code, **or** CBL application forms?
